

# Working Together

The sum of the parts is greater than the whole...

# Workshop #1

Work on a simple task on your own...

# Workshop #2

Work on a similar task with a pair

Fish Base - <http://www.origami-instructions.com/origami-fish-base.html>

# Pair Programming

<http://www.slideshare.net/thekua/pair-programming-good-bad-and-ugly-11289903>

# Workshop #3

Working as a small team -

# The Marshmallow Challenge

# Workshop #4

Working as a larger team

# Understand and Improve System Throughput

You are one big team – everyone must touch each ball once for a point to count

Balls must have airtime

No ball to your direct neighbor

Start point = End Point

Sprints = 2 minutes

Retrospective = 1 minute

We do 5-10 sprints

Duration: 30-45 minutes
